The DIMMER VIEW

by Max Goodwin

Economic Picture Brightens

The United California Bank, as it has for the past eight years, conducted a year's look into the future at a get-together last week.

The bank's senior vice president and chief economist, Dr. Raymond Jallow, who made the presentation, is a national authority on monetary and economic forecasting. He explains too, what current fiscal policies foretell for business and in industry.

Last year he hit the nail squarely on the head. San Diego and California economy varied only fractions of a percentage point from what he had predicted.

That sets the atmosphere for what Dr. Jallow predicted for this year in San Diego County.

First, he predicted flatly that there would be a recovery from the "full-fledged recession" and that every segment of the economy would benefit.

He also predicted: Metropolitan San Diego's population will increase 35,000 or 2.6 per cent.

Personal income will increase about \$485 million or about 9 per cent in San Diego.

Median family income will increase \$653 million or 6.4 per cent.

Merchants' income will climb to \$2.8 billion, an increase of 10.7 per cent.

Housing permits will increase by 10 per cent to 22,000 units.

Non agricultural employment in San Diego will gain by 6 per cent — an increase of 23,000 workers with an annual expected average of 410,000.

For California as a state, the look is equally optimistic.

Jallow said California's Gross State Product will advance by 8.4 per cent to \$116 billion. Last year it grew by only 3.8 per cent. The 1971 total will account for 11.1 per cent of the nation's gross product.

If California were a separate nation, it would rank seventh in the world in GNP. Rank would be: 1. U.S.; 2. U.S.S.R.; 3. Japan; 4. W. Germany; 5. France, and 6. United Kingdom. UK's GNP is \$125 billion, just 9 ahead of California. France has \$160 billion.

Just for comparison, U.S. GNP will be 1 trillion, 50 billion; U.S.S.R., \$510 billion; Japan \$222 billion, and W. Germany is set at \$198 billion.

California's population will hit 20,130,000 this year, up 1.2 per cent.

There'll be 7,040 households — up 180,000

There'll be 7,250,000 workers in the state — up 235,000

Unemployment will drop from its present 6 per cent to 5.5 per cent

Total personal income will increase 7.1 per cent — up \$6.3 billion to \$94.5

The rate of inflation will subside to 3.6 per cent — down from last year's 5.2 per cent.

Retail sales will advance by 6.7 per cent — up \$2.7 billion to \$43.1. Only 3 per cent of this will be "real growth" however. Some will be a result of restoration of consumer confidence, an increase in consumer credit, and a decline in the savings rate.

An increase in manufactured products will advance by 1 per cent, up 1 billion to \$25.4 billion. This is the best performance since 1967, Jallow said. In 1970 a decline of \$100 million was recorded.

California's first million-car sales level will come in 1971, Jallow said. Dollar volume will be much greater than unit sales because of the new, higher prices on autos. Truck sales will be up 7.7 per cent to 210,000 units.

California will register a 9 per cent gain in housing with 180,000 permits anticipated.

Fifty per cent of all houses sold in the U.S. last year were mobile homes. A 6 per cent growth to 440,000 units is seen for the U.S.; in California, a 10 per cent gain in sales will bring the year's total to 22,000 units.

In all, it looks like another boom cycle is about to begin.

Ralph Smith To Be Honored February 12

Joins Convair

Tickets are still available for the Ralph Smith Retirement Party, scheduled for Feb. 12 at 7:30 p.m.

The dinner will be at the Town & Country Convention Center in the California Room. Ralph Smith, is an old-time, former Lemon Grove resident who is retiring from his position as Municipal Athletic Supervisor for the City of San Diego.

Tickets are \$6.25 and may be obtained from Cheryl Lenz in the Recreation Department Administration Bldg. in Balboa Park, San Diego, CA 92101.

While people from various areas of sports and recreation will honor him Feb. 12, many Lemon Grove residents recall the days he lived here. This was during the period of 1933-1942.

"We have pictures hanging in the Chamber of Commerce office that were taken when Smith was here," Tony Sonka, one of Lemon Grove's early developers said. "He designed and directed the construction of the first lighted baseball field here. My brother (Edwin P., now deceased) was a star third baseman and one of the county's best hitters," Sonka recalled Tuesday.

Smith was employed by the old WPA as recreation director for Lemon Grove school grounds.

Lighted Field

With the help of Jake, Reynolds and Everett McCabe; Ed Meadows, Frank Barbour and Tony Sonka, the lighted baseball field was built where the Ace Drive-in theatre now stands. He then organized a baseball team among the communities of La Mesa, Lakeside, El Cajon, National City, Chula Vista and San Ysidro.

L.G. Lumber Co. and Gerchis grocery each sponsored a Lemon Grove team.

As Smith tells it: "We raised five youngsters in Lemon Grove during the depression. We lived next to the (William) Zilkens (on Bryan Court) who had a couple of ringboned horses, chickens, rabbits and a fine garden and we were more or less self-sufficient. I think we lived higher on the hog than we do now."

"I will never forget the boxing show we put on. Everett McCabe and I borrowed a truck, went to the El Cajon Elks club and hauled their portable boxing ring mat and chairs, and set up a boxing facility on the baseball field. It was some project!"

"We also had big Halloween parties and Tony Sonka always came through with candy and apples for the party. We also had big parties on New Year's Eve at the Woman's Club clubhouse."

He left the Lemon Grove school district to take a job with the county. Later he went to Convair as recreation director. When Convair's work force dropped from 50,000 to about 4,000, Smith took the examination for supervisor of Municipal Athletics and received the job.

Broadway May Lose Parking As Petition Signing Lags

A shadow of doubt was introduced in the Broadway improvement project Thursday at Lemon Grove's regular meeting of the Chamber of Commerce.

Bob Russell, chamber president, said that two major property owners were not in sympathy with the program because "some of the parking would be parallel."

He did not identify the property owners except to say that their holdings are enough to bog down the plan which would bring landscaped center islands and a maintained parking area to Broadway from Olive to Kempf streets. Parking would be diagonal at the sidewalk and parallel on both side of a traffic control strip near the outer limits of the roadway.

Without approval of the plan which is identified "B", Broadway will still get center islands and traffic control strips but landscaping will not be included and sweeping and

maintenance will not be included in the parking areas. The latter plan is designated "A".

Russell said that the two owners had also questioned the need for parallel parking. "It may result in a single row of diagonal parking."

"It would cut available parking in half," he added.

A petition carrying signatures of property owners representing 60 per cent of the total property is required to obtain plan "B". Without approval, plan "A" will be installed.

In other business the Chamber awarded four plaques to winners of the Christmas home decorating contest and announced that its office lease will be renewed for one year.

James Dorman, chairman of the Lemon Grove Planning Association gave a report of the group's activities and the board of directors accepted a packet of printed material and pictures from Lemon Grove's sister city, Ruislip, England. The material was recently brought back by Rita Wells, a local woman who is a native of Ruislip. She instituted the program.

Jurist's Son Brings Mis-trial In Grove Case

SAN DIEGO (CNA) — The trial of a Lemon Grove bar waitress charged with the sale of marijuana ended in a mistrial Tuesday in Superior Court when it was discovered that the son of a jury member might be called as a defense witness.

Faysene A. Anderson, 34, of 3444 Harris st., Lemon Grove, was arrested on Nov. 25 on a grand jury indictment which charged her with a sale of marijuana on Oct. 7 to undercover agents.

The indictment was based on an alleged sale which originated in the Coral Inn Bar, at 7346 Broadway, Lemon Grove, according to the agents' report. They describe Mrs. Anderson as the bar waitress and say she asked them if they were the ones who wanted to "score a can?"

Mrs. Anderson is then alleged to have suggested they go to her house with her daughter. The agents report they did, and a purchase of marijuana for \$10 was eventually made. The juveniles involved were turned over to juvenile authorities.

Mrs. Anderson has been free almost since her arrest. She pleaded not guilty on Dec. 3. Her trial started Monday before Judge William A. Glen, and a jury was chosen.

However, a juror disclosed Tuesday morning the involvement of a son. Reportedly the son disclosed the night before that he might be a witness.

The mistrial motion was made by the defense, and a new date of March 16 has been set for the trial.

TREASURE — Lovely Patty Harris, of Spring Valley, inspects a tiny treasure chest which about 1,000 dune buggy enthusiasts will seek in the six annual Treasure Trail Run, sponsored by the Desert Knights Dune Buggy Club of Spring Valley starting at 8 a.m. Saturday morning at Helen's Beach House, on the shores of the Salton Sea. About 70 of the tiny chests will be scattered throughout the desert, and participants will be given clues as to their whereabouts.

The affair is open to the public, and no pre-registration is required. Dune Buggy enthusiasts who wish to participate in the run can sign up anytime Saturday at the beach house, but late registration will cut down on chances of finding a treasure. Over \$1,400 in prizes are offered. Also on tap during the festivities are a street dance Saturday night, a balloon popping contest and a wheelee contest. For further information call 479-1659.

Fire Callmen Get \$5 Hourly

Nineteen District Students Expelled Monday Night

A total of 19 students from schools in the Grossmont Union High School District were expelled Monday night at a meeting of the district's

board of trustees. Of the 19 students ousted from seven schools, one student was expelled for an "unprovoked assault on another

student on a school bus," and 18 were expelled for violations of the district's drug policy.

Two students who were referred to the board for expulsion for drug violations had their cases dropped due to insufficient evidence and one student's case was held until further evidence is gathered.

Cases Continued

Three students' cases were continued until next week, after trustees sat in executive session for nearly five hours.

Of the 24 students who were referred to the board on drug violation charges, four were from Monte Vista High, and two were from Mount Miguel High.

The expulsions brought the total number of students expelled under the policy to 563 since the policy went into effect in 1967.

25 Re-admitted

Twenty-five students were re-admitted at the meeting, including 24 who were expelled and one that was suspended.

In other action at the meeting, the board listened to presentations by two El Cajon women who were concerned with a planned parenthood program at Monte Vista High.

The two accused the program of trying to "teach these young people how not to get caught," according to Mrs. William Mahaffey. She and

50 Seniors From Mount Miguel High School Graduate Early

Fifty seniors were graduated from Mount Miguel High School Monday.

Most of these students were allowed to graduate early because of exceptionally high grades, having taken extra classes, or having gone to summer school for additional credits.

The thirty-three girls and seventeen boys graduating are: Marion Augustine Acosta, Sharon Lee Archibald, Jeannie Marie Barber, Cynthia Ann Boggan, Robert Ray Doyer, Peggy Cavoulas, Jenine Kay Crosswhite, Ellen A. Davis, Janet Joy Eddy.

Also Wanda Feuerborn, Katherine Annette Gorham, Steven M. Grizzle, Paul Gifford Gynn, Deborah Lynn Heaton, and June Adene Hill.

Also, Barbara Jeanne Holloway, Claudia Jane Jacobsen, Robert James Johnson, Katherine Elaine Jones, Michele Denise Kaplan, Rexell Lee

Kennedy, Charles W. Laws Jr., Alan Dale Lothspeich, Rick Anthony Luiz, Michael R. McCormick, Sandra Marie Martin, John William Mathews and Andrea Jeanette Mattox.

Others include, John E. Monaghan, Terry Lynn Norton, Pamela L. Pedrini, Pamela Anne Priest, Cindi Marie Rogers, Cheryl Lynn Sanders, Billy James Seaman, Dana S. Smith, Catherine Jean Stauder, Dale Allen Strong, and Pamela D. Swan.

Rounding out the list are, Mark H. Swanstrom, Sherry Lynn Thompson, Spencer Ross Tilton, Sally Anne Tomlinson, William Encinas Valenzuela, Dennis William Vierck, Teresa JoAnn Wagner, Carol Margaret Walter, Martha Joan Weldy, Deborah Alice Wood, and Melva Grace Woodward.

Many seniors either plan on going to work or continuing their education by going to college or junior college.

Pam Priest plans to go to Grossmont for a semester then travel to Canada. She is graduating early because she says she can't stand school.

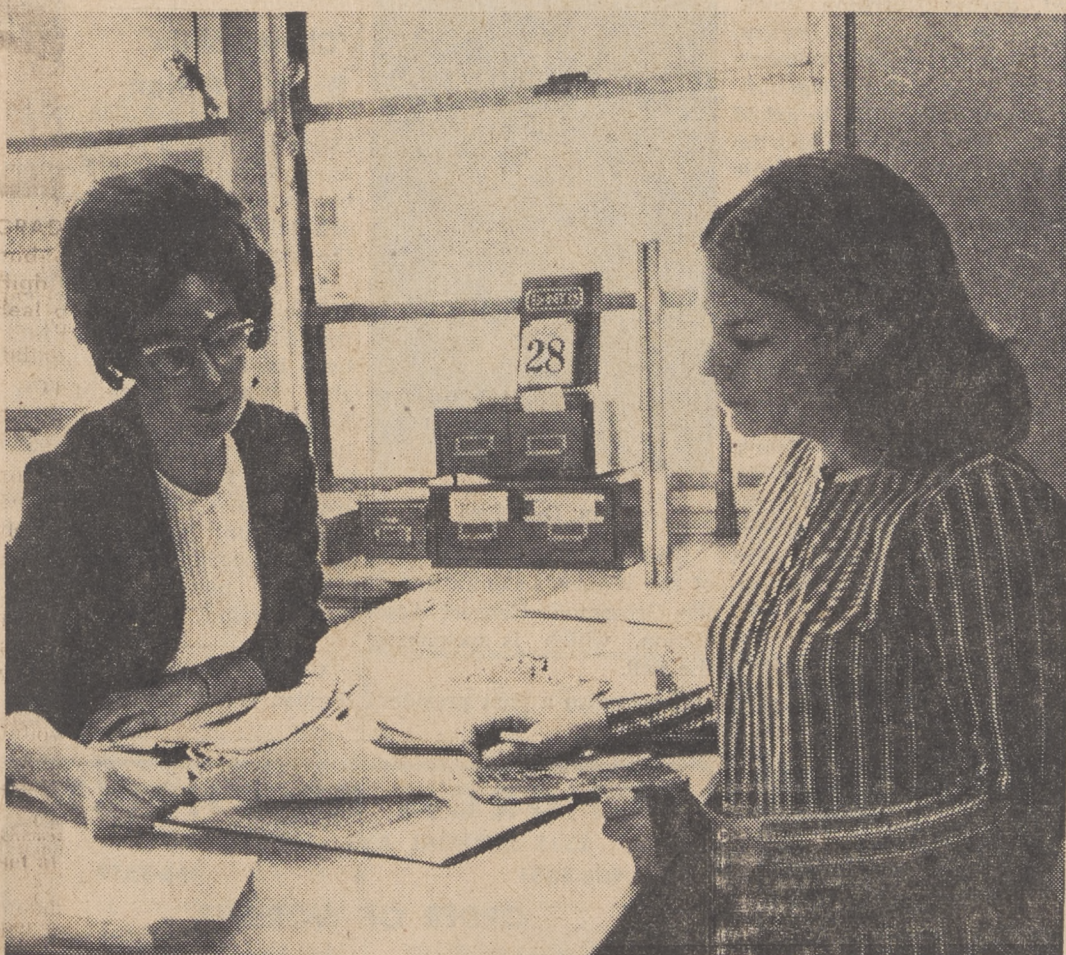

June Hill is leaving because she said she "wanted to get a job, and get a taste of the outside world." She hopes to come back in June to graduate with the rest of her class.

Dale Strong, like some seniors, is not planning on any college; instead, he plans to go to work after graduating.

Cindi Rogers wants to get a job first, and then after a while, get married. She says her parents like the idea of her graduating early, but most of her friends don't.

Rex Kennedy is graduating because he says he has only three classes, so he feels he's wasting his time. He plans to go to San Diego City College.

All January graduates are encouraged to come back in June to graduate with the rest of their class if they want to.

GRADUATION PAPERWORK — This lovely mid-term graduate from Mount Miguel High School found out that there is a good deal of paperwork involved in graduating.

Here, she completes necessary forms to be cleared through a tennance. Helping her out with the workload is Mrs. Shirley Baker.

In 1964, Mr. Emerson moved from Chula Vista to become minister of the El Cajon congregation. Under his dynamic and dedicated leadership, the church has grown and now looks forward to dedicating its new sanctuary. Emerson is noted for his evangelism efforts and for recruiting youth for the ministry.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Please explain some of the uses of the word "cut" in Spanish. I understand that there are several different ways to say "cut".

"Cortadura" means "cut" in the noun form. This may be used to express "a cut on the finger" as seen in "cortadura en el dedo." Also, "cortada"

is acceptable usage for "cut." Thus "cut on the leg" would be "una cortada en la pierna." "Rebaja" is occasionally used to imply "cut" in the sense of "to reduce." An example of this is seen in "una rebaja de sueldo" for "a cut in salary" or "una rebaja de precio" for "a cut in price" which could also mean "a reduction in price."

"Corte" is an interesting way to say "cut." In this case "corte" suggests "cut" as related to "cut of a dress" (corte de vestido) and "hair cut" (corte de pelo).

"Trozo" is a "cut" which suggests "a chunk." For example we may say "un trozo de carne" for "a cut of meat" or "a chunk of meat."

"Cortar" is a verb meaning "cut" or "to cut." As we know — verbs show action — and "cortar" is no exception. "Tengo que cortar flores," suggests the use of "cortar" and means "I have to cut flowers." "Partir" means "to cut" which implies "to divide" or "to separate." This is used when there is some expectancy that the cut will result in relatively equal parts: "partir la manzana" for "to cut the apple," or "partir el pastel" for "to cut the cake."

Additional uses of Spanish words which suggest the many varieties and shades to the meaning of "cut" appear in the practice phrases below. Dial 276-2762 on your telephone to practice saying them with the aid of a recorded Spanish-speaking voice.

IMPORTANT PHRASES:

Say "Tiene cortadura en el dedo?" (tee-EH-neh wohr-tah-DOO-rah ehn ehl DEH-thoh) for "Do you have a cut on your finger?"
Say "Si, y me duele." (SEE eh meh doo-EH-leh) for "Yes, and it hurts."

USEFUL PHRASES:

Say "Es una rebaja de sueldo." (ehs OON-hah reh-BAH-hah deh soo-EHL-doh) for "It is a cut (reduction) in salary."
Say "Que rebaja en precio." (keh reh-BAH-hah ehn PREH-eh-oh) for "What a cut (reduction) in price."
OTHER PHRASES:
Say "El tiene un corte de pelo." (ehl tee-EH-neh oon KOHR-teh deh PEH-lo) for "He has a hair cut."
Say "Me gusta partir el pastel." (meh GOOS-tah pah-TEEHEH ehl Pahs-TEHL) for "I like to cut the cake."

Father-Son Dinner Planned By Boy Scouts

A father-son dinner will replace next Wednesday's weekly meeting of Lemon Grove Boy Scout Troop 376. The affair is to be held at Sir George's Smorgasbord, 305 N. Magnolia, El Cajon, according to Scoutmaster Jim Hill.

A short meeting to discuss February activities will follow the 6:30 p.m. dinner. Included on the agenda are plans for the Feb. 13 Scout-O-Rama at Grossmont Center and the Troop's monthly campout.

Troop 376, sponsored by St. Philip's Episcopal Church, 2660 Hardy dr., won the top award for Boy Scout units in last year's Scout-O-Rama and has scheduled displays by its staff and four patrols for the coming festivities.

Winners Told For 'Pine Wood' Derby

Cub Scout Pack 318's regular monthly meeting last Tuesday, was their annual Pine Wood Derby in the Helix High School gym.

At the December meeting each cub scout was given a derby kit which consisted of three blocks of wood, four wheels, and four nails to be used for axles. The big block of wood was to be whittled down into the shape of a racing car with the small pieces forming the axle-holders. This was a father-son project with the fathers providing guidance and technical assistance.

After each boy's car was checked as to weight and size, it was placed on a display table. The boys in each den were split into two groups for the initial heats of the derby. Through a process of elimination heats, winners of each den went on to the final heats of the match. Each den winner received a blue ribbon.

The den winners were: Den 1, Jeff Miller; Den 2, Michael O'Connor; Den 4, Mark Erickson; Den 5, Jeff Hoagland; Den 6, Abbot Masters; Den 8, Doug Williams; Den 9, Brian Baxter.

The final heats proved exciting as the cars in the heats were the best from each den. Brian Baxter came out as the number one winner with Mark Erickson as the runner-up. Each of these boys received a handsome trophy.

The February meeting will be held Feb. 22 and will be the annual Blue and Gold Dinner, an annual pot-luck.

TAX ANSWERS?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I have all the information I need to file my return except for my W-2. Can I file without it?

A) Every effort should be made to secure your W-2 statements in time to file a correct return before April 15. If you are unable to secure all W-2 statements, fill out your return based upon the best information available. An amended return can be filed when corrected information is secured.

Q) Are conservation expenses deductible for a farmer?

A) Yes, farmers may deduct certain soil and water conservation expenses, that would otherwise have to be capitalized. However, if the land is sold within ten years special rules apply in calculating any gain.

Q) Where do I send my return?

A) Send it to the IRS regional service center for your area. The addresses are listed in the tax form instructions. An envelope addressed to the center was included in the tax form package.

Q) Where can I get a copy of the form on moving expenses?

A) This form is available at local IRS offices. Ask for Form 3903.

Q) I sold my house last year. Do I have to report this on my tax return?

A) You should report any profit you made on the sale of the house as a capital gain. However, if within a year you purchased another house costing at least as much as the "adjusted sales price" of the one you sold, then tax on the gain is postponed.

Tax on gains from home sales may be eliminated entirely for those who are 65 years of age and who meet certain conditions. For details on this and other aspects of home sales, send a post card to your local IRS office and ask for Publication 523, Tax Information on Selling Your Home. This booklet is free.

Q) Can I deduct my Blue Cross premiums?

A) Yes, if you itemize deductions.

Note that one-half of your medical insurance premiums up to \$150 are deductible even though your total medical expenses do not exceed 3 percent of your income. This is explained in the 1040 tax instructions as well as Schedule A where this item is entered.

Q) Are gambling losses deductible?

A) Gambling losses can only be used to offset gambling winnings if deductions are itemized. The law does not permit a taxpayer to use these losses to reduce his other income.

Q) Are you going to send out estimated tax forms this year?

A) Yes, estimated tax forms will be mailed in February to all those who filed an estimated return for 1970. Forms will also be sent to those who should have filed an estimate last year but didn't.

Monte Vista Girls Plan Guest Lunch

The Monte Vista High School Senior Home Economics classes are presenting "Guest Luncheons" to which each girl's mother is invited.

The luncheons are prepared by the girls with a maximum cost of 50 cents per person. If this budget cannot be met, the girls must pay the surplus themselves.

Planned, shopped for, and prepared by four to nine girls at a time, each meal must meet the requirement of having a certain number of nutrients.

The three-week series of luncheons, which began Jan. 13, will be followed by another series during the first week of February.

"Former students have indicated that the luncheons have been a rewarding experience and the students have done especially well in planning and implementing the yearly affair," said Mrs. Genevieve Ruef, Senior Home Economics teacher.

A sample menu is:

Shish cabobs with roast beef, bell peppers, potatoes, onions, pineapple, carrots, tomatoes, avocados, mushrooms, olives; fruit salad, tossed salad Crown jewel cake, Hawaiian punch, and coffee.

PTA Highlights

Second Edition Of 'Review' Published

The second edition of the "Mount Vernon Review," student newspaper, has been published by the Lemon Grove elementary school.

All material in the six page mimeographed paper was completed by fifth and sixth grade students under the direction of a Mt. Vernon PTA volunteer advisor.

Rockets To Host Lakers, Cavaliers

The Cleveland Cavaliers and Los Angeles Lakers have yet to defeat the San Diego Rockets at the San Diego Sports Arena this season.

Both teams will have their final opportunity to gain revenge when they battle the Rockets in important weekend matches. The Cavaliers meet the San Diego club Friday and the Lakers travel south to play the Rockets Saturday. Both games start at 8 p.m.

It's T-Shirt Night on Friday with the first 2,000 youths, 14-and-under, receiving a golden Rocket T-Shirt complete with new design.

Friday's clash with the Cavaliers closes out the four-game season series with that expansion club. The Rockets hold a 3-0 advantage in their series after trimming the Cavs, 140-110, in San Diego, and 110-99 and 118-95, in Cleveland.

The Rockets' Elvin Hayes has hit for 40 points in each of the three wins over the Cavs with Stu Lantz averaging 14.7 points.

Heading the Cavaliers hopes will be former Rocket Bobby "Bingo" Smith, All-Star John Johnson, center Walt Wesley, John Warren and Bob Lewis.

Publication of the Review is a result of weekly sessions on journalism and newspaper techniques with pupils from the classes of Loy Holmquist, Robert McNeerney and Francine Applebee.

The sessions are held in conjunction with the PTA's expanded library and teacher aid programs which were initiated this year at Mt. Vernon.

Articles included in the newspaper were on sixth grade camp, editorials, television and movies, sports, teacher and student biographies and a classified advertising section.

Editors for the edition were Chris Crim, Rene Garcia and Kurt Stelmar. Reporters included Greg Barcus, Ron Braun, Colleen Helgeson, Mark Jacobsmeier, Vivian Kimbrell, Mark Moore, Gary Pattee, Rick Rodriguez and Teresa Stephenson.

Advertising was done by Inga Binkhuysen, Laura Lafoon and Pam Wells. Cartoons were drawn by Mark Jacobsmeier.

No Population Explosion In Lemon Grove

According to statistics from the Lemon Grove School District, Lemon Grove is not experiencing the same "population explosion" as other parts of the country.

A look at kindergarten enrollment for the school this year shows 410 youngsters, 45 less than last year. The largest class is the eighth grade, where 477 students are enrolled.

According to projections for next year, the district will lose 67 students, and school population could continue to decrease in the coming years.

However, new construction in the district could reverse the trend in the next few years, depending on zoning laws.

Aztecs Face Two Opponents

A new face and a "friendly" foe will be on the schedule this week for San Diego State's basketball team.

The Aztecs, 7-10 on the season, will face a pair of non-conference opponents this week with action both at home and on the road. State will host the University of Hawaii tonight at 8 p.m. in Peterson Gym on campus. Saturday the Montezumans hit the freeway for a contest with UC Irvine.

Coach Dave Fontius' Aztec frosh squad, 5-7, will play 5:45 p.m. preliminaries both nights. Thursday they'll meet NTC, a team they defeated 83-71 earlier in the season, and on Saturday the Irvine frosh will provide the opposition.

The meeting between State and Hawaii will be the first ever between the two clubs. "Under normal circumstances we'd be a little in the dark about Hawaii," commented Aztec head coach Dick Davis, "but we were able to scout them once personally when they met Pepperdine in L.A. on the way home from a mainland road trip."

"We knew they were a tough team. They won their own tournament earlier in the season and that meant beating some good basketball schools like NYU, Michigan and BYU. Statistically, they're tough, too."

Registration Set

Registration for Lemon Grove girls aged 9-14 who wish to play Bobby Sox softball this season will be held at the Lemon Grove Youth Center Saturday from 10 a.m. to 3 p.m.

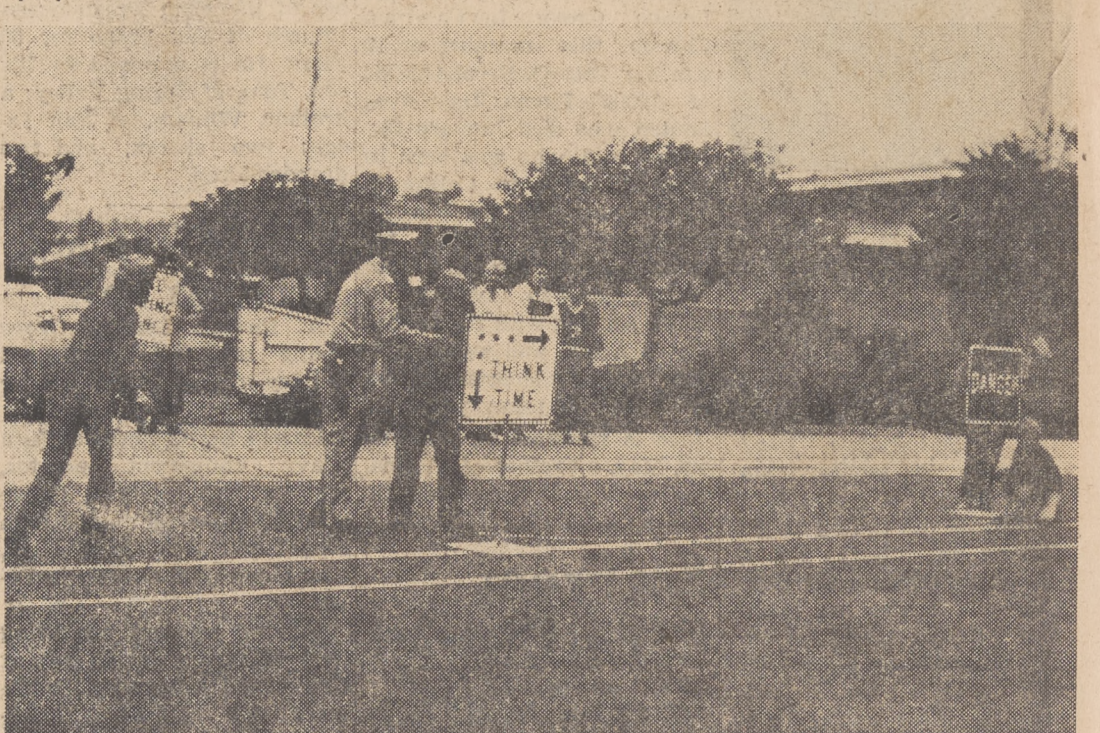

Girls must be accompanied by a parent or guardian and must bring a birth certificate or other proof of age unless they played last year.

Two more registrations will be held for girls who cannot make it this week. They will be February 13 and February 20. For further information, contact Irene Sullivan at 461-2097.

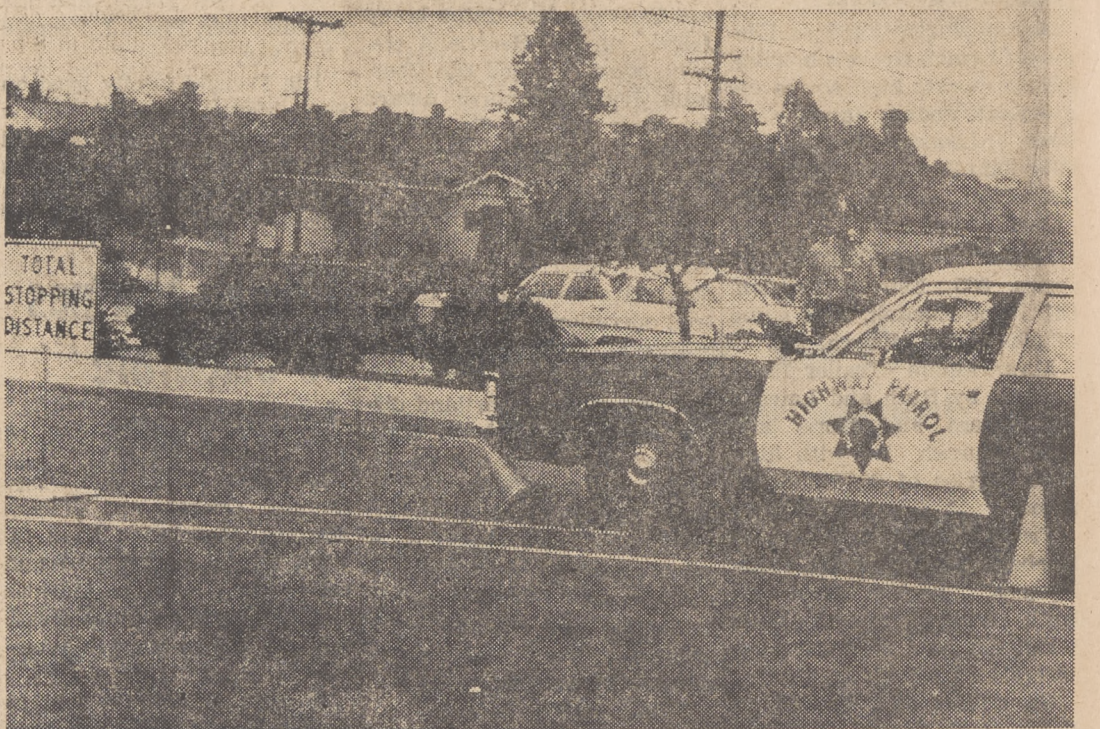

BICYCLE SAFETY CHECK — Approximately 100 bike riders at Spring Valley Junior High School participated in a safety bicycle check last week. The safety check was arranged by Mrs. Charles Lundsford, safety chairman for the Parent-Teacher Association at the school, through her husband, an employee of the Automobile Association of America.

Officer John Faddis of the California Highway Patrol conducted the check and also versed students on the use of proper hand signals. A sticker was awarded to each student who passed the safe bike examination.

VISUAL AID — Officer Faddis explains safety demonstration to members of the San Altos Safety Patrol on another safety program this week. The two signs in this photo show the distance a car traveling 25 mph travels between the time that the driver spots danger and the moment he touches the brake pedal.

Members of the safety patrol measured the distances, including the total distance traveled before the car came to a total stop. Before the demonstration with the automobile, students walked, ran, and rode bicycles into the area from the playground and their total stopping distances were measured.

OUCH! — After the stopping distances were measured for both the car and the students, rubber cones were put into the zone at the spots marked where the students stopped. The patrol car, driven by Officer John Annis, then repeated its course, showing which students would have been struck by the car. The demonstration, which was viewed by third, fourth, fifth, and sixth graders at school, was to show the students safety precautions as they walk and ride bikes to and from school.

According to Faddis, who gives the demonstrations at schools all year, there are several different programs ranging from movies for the younger students to 'rap' sessions and question and answer periods for junior and senior high school students. Faddis noted that any teacher, principal, or PTA group can request a demonstration for a class or student group.

Columnist To Speak Tomorrow

Grossmont College will present nationally-syndicated columnist James J. Kilpatrick at 8 p.m., tomorrow in the Student Center.

Author of the tri-weekly column, "A Conservative View," which appears in 145 leading American newspapers, Kilpatrick brings to the speaker's rostrum the same frankness and razor-sharp wit that has distinguished his writing for 30 years.

Considered by many readers to be the only conservative writer with a sense of humor, Kilpatrick has selected as his topic "A Dissenting Opinion." Kilpatrick's opinions usually receive the attention of militant liberals and self-styled moderates as well as the conservatives.

Pads Sign Cannizzaro

Veteran catcher Chris Cannizzaro, who last year enjoyed his best season in the majors, has signed his 1971 contract, it was announced this week by Padre general manager Eddie Leishman.

The popular Cannizzaro batted .279 and drove in 42 runs for the Padres last season while appearing in 111 games.

The Padres also announced the signing of pitcher Gerald Nyman, bringing to 12 the number of the players now signed.

Given occasional rest last year, Cannizzaro responded by batting .316 at the All-Star break. He hit over .300 against five opponents, New York, St. Louis, Chicago, San Francisco and Montreal.

Against the Mets, a club he played with during four sea-

sons, Chris batted a lofty .368. He also put together the longest consecutive game hitting streak of any player last year, hitting safely in 13 games.

Throughout his eight-year major league career, Chris always has been considered an outstanding catcher and last year his work behind the plate continued to be excellent.

Nyman appeared briefly with the Padres at the end of the season, making a pair of starts. The left-hander worked in 37 games for Salt Lake and had a 9-13 record with a 4.09 ERA.

The Pan American Hotel and Motel Association will hold its 1973 convention in Puerto Rico.

Recently Mrs. Susan Close experienced a flat tire along a lonely stretch of Miramar Road. Looking hopelessly at the situation, she was relieved to see one of our cars stopping.

It was Anthony Heintz, one of our property inspectors. He saw the predicament, quickly changed the tire and waved her on her way.

Mrs. Close wrote us that, "I was about ready to start walking when an angel driving a white jeep came to the rescue... I want you to know I'm grateful for his gracious help."

Which goes to prove, of course, that it's nice to have a man from the gas and electric company around.

Inspector Heintz to the rescue!

Monte Vista Gets Revenge For Early-Season Loss To Scotties

By Tom Blattler

MAY I HAVE THIS DANCE? — Carl Stucky, in white uniform and Mike Honz, join hands as they take a break from last Thursday's basketball game and prepare to do a little dancing. Stucky, of Monte Vista, scored 10 points in the game, which Monte Vista won, 68-63. Honz, of Helix, scored 14 points for the losers.

VOODOO — Alan Bunting, 54, of Monte Vista, puts a spell on ball as it glides around the outstretched fingers of Helix High's Mike Honz.

THROUGH THE TULIPS — Monte Vista's Gary Earle, 32, is actually trying to block a pass in this photo, and is greeted by the snobbery of Helix player Mike Honz, 22, who undoubtedly thinks "The Pearl" will fail. Monte Vista won game last Thursday night, 68-63.

Led by a press which caused 21 Helix turnovers, the Monte Vista cagers outran the Highlanders, 68-63, before a capacity crowd at the Monarchs' gym last Thursday night.

The win gave the Monarchs a tie with Helix for second place in the Grossmont League, a game behind the Grossmont Foothillers. Both Monte Vista and Helix have records of six wins and two losses, while the Foothillers post a 7-1 mark.

Monte Vista was led by senior guard Bob Papciak, who finished the game with 19 points, including 10 in the second quarter. Papciak, a 5-11 playmaker who dunks the ball two-handed, was the leader of the Monarchs' fast breaks and he also made some key steals on the press.

Helix jumped out to a quick lead, 17-7, in the first six minutes, and held its margin at 21-12 at the end of the quarter. Senior Dan Coleman, who finished as high point man of the game with 30, had 11 tallies in the first stanza.

But Papciak and his teammates put on their devastating press, and outscored the Highlanders, 22-9, to lead at halftime, 34-30.

In the third quarter, the Monarchs came out fast and Helix could not keep up with the fast break. The Monarchs extended their lead to 52-41.

Coleman's outside shooting kept Helix in the ballgame in the final period. The 6-2 guard hit on 13 of 21 shots from the floor and had four charity tosses in rolling up 30 points.

Monte Vista could possibly have won the game with its board strength, as the Monarchs outboarded the Highlanders, 33-21. The game was much different than their first encounter. In that contest, forward Mike Honz dominated the boards at both ends of the court. Honz scored 14 points in last Thursday's game.

Center Allen Bunting had 18 points for the Monarchs. Gary Earle and Carl Stucky also scored in double figures as Earle contributed 15 and Stucky chipped in 10.

The Monarchs' next rivals will be the El Capitan Vaqueros at the Lakeside school's gym tomorrow night at 8 p.m. The Vaqueros are led by the county's leading scorer, guard Wade Vickery.

Monte Vista Draws With Highlanders

The Monte Vista High School wrestling team, getting out to a bad start with the lighter weights, took another step toward the Grossmont League championship, but suffered extensive damage to its pride last Thursday by drawing with Helix, 20-20.

The Highlanders, who lost a tough one to Mount Miguel the week before, were "up" for the Monarchs, who have been league rivals for several years.

In the first three matches, Helix picked up 3-2, 4-2, and 4-0 decisions to jump away to a 9-0 lead. Monte Vista countered with a win and a tie in the next two matches to bring the score to 11-5.

The two teams split the next four matches before Monte Vista got two straight decisions to knot the score at 17 apiece.

Monte Vista, favored to win the next two matches, was then dealt a raw piece of luck, as Helix won the next decision, 10-4. Bill Paine, the Monarchs' heavyweight, saved the tie for Monte Vista by decisioning Dennis Johnson, 4-1.

Little Swingers To Meet Stars

The San Diego Padres will hold a pre-view of the 1971 team in conjunction with the Little Swingers Free Clinic for youngsters of all ages at the San Diego Stadium Friday, Feb. 12 at 10 a.m.

Coaches and star players will answer all questions and demonstrate.

Kids, 15 and under, who sign up as Little Swingers will receive tickets to eight Padres games.

FUNNYMAN — Ron Grant, of the Harlem Clowns basketball team, will see plenty of action next Wednesday night as his team puts on a show at the Mount Miguel High School gymnasium. The Clowns will take on a team of Mount Miguel coaches, led by Buck Tealer. Others expected to compete from Mount Miguel include Ned Blass and Bob Collier. Tipoff is at 8 p.m. and tickets are available from any members of the Mount Miguel Key Club.

Indoor Trials Set Saturday

Trials for the San Diego indoor high school track championships will be held Saturday, at noon in Balboa Stadium.

Lincoln High is the defending champion in the team scoring, having won in 1969 and 1970.

Coach Vic Player's Hornets, however, are expected to be pressed by Helix, defending CIF, San Diego Section, outdoor champion, and San Diego High, an early favorite this year.

The Cavemen did not enter the indoor meet last year because of a prior outdoor commitment. Coach Martin Pedigo rescheduled his opening outdoor meet against Compton Centennial and Grossmont to the week following this year's indoor meet, which is scheduled Feb. 19 in San Diego International Sports Arena.

San Diego will have a full complement of athletes trying to secure berths when approximately 200 athletes gather.

Among the Cavers' leaders are sprinters Charles Fender, Melvin Jones and Elijah Turner, who teamed with Clark Neal last year to run the 440-yard relay in :42, fastest time in the area. Neal also is back, providing Pedigo's club with four veterans in this event.

Clairemont's David Harper, who ran the mile in 4:12.5, one of the fastest times in the country for a junior, will run the mile, and meet director Al Franken is trying to gain permission for Brent Tubb of L.A. Birmingham, defending state champion, to run against Harper here Feb. 19.

Mount Miguel Beaten, Bounces Back To Win

The Mount Miguel High School basketball team, despite a good effort from John Slater, lost its fourth game of the year last Tuesday night, but bounced back to even its record Thursday night.

Following a four-game road trip, Mount Miguel entertained Monte Vista Tuesday night, but the Monarchs proved to be rude guests, leaving with an 88-66 victory.

The Monte Vistas, stricken by the flu and injuries since the opening of the season, threw away their crutches and wheelchairs for the game with

the arch-rival Matadors.

Although the Monarchs have been weakened, and even saw one team member, Jack Cross, spend time in a hospital, they looked as though they had eaten their Wheaties and chewed their Chocks, as they raced away to a 22-14 first-quarter lead.

The Matadors, apparently suffering from the blahs, rolled over and played dead in the second period, as the Monte Vistas upped their lead to 51-27 at halftime.

In the third period, Mount Miguel seemed to communi-

cate its disease to the Monarchs and it looked as though neither team could get the ball through the hoop.

In the final stanza, both teams came out fast and hit the hoops with authority. Mount Miguel outscored the Monarchs in that frame, 28-22, but could not make up the vast difference.

On Thursday, it was a different story, as the Mount Miguel squad hit the road for the fifth time in six games, and fought for a 67-61 win over El Capitan.

The game, a see-saw battle, saw the locals jump ahead in the first period, only to be flattened by some excellent shooting in the second frame. As the teams headed for the dressing room, El Cap led, 34-26.

As the second half opened, Mount Miguel still had some trouble sinking shots, but kept plugging away.

As the third period progressed, so did the shooting of the Matadors, and as the period came to an end, Mount Miguel was back on top, 50-47.

In the final frame, the shooting of Tom Young became the difference of the game, as the Matadors went on to win, 67-61. Young, who canned 14 points in the game, got 12 of them in the second half.

Mount Miguel starts a four-game homestand tomorrow night as they take on the Grossmont Foothillers, the current league leaders.

Easter Sunday comes early in 1971. The day will be observed on April 11.

Free Drills, Clinic Set By S.D. Padres

Spring training will be given a huge San Diego sendoff Feb. 12, when the Padres conduct full drills and present a special clinic for fans at the Stadium.

Admission and parking will be free.

Nearly all of the 16 Padre players and coaches who live in the San Diego area are expected to participate in both the drills and the clinic.

The Lincoln's Birthday holiday baseball program will begin at 10 a.m.

Players participating in the batting and fielding drills will include Dave Campbell, Dave Robinson, Bob Barton, Chris Cannizzaro, Ivan Murrell and Al Ferrara. Pitchers Clay Kirby, Dave Roberts and Al Santorini also will be present.

The entire Padre coaching staff will assist in the special clinic. Pitching coach Roger Craig, infield coach Dave Garcia, bullpen coach Whitey Wietmann and hitting coach Bob Skinner will offer playing tips concerning every phase of the game.

Microphones will be placed in the stands so that fans may speak directly with coaches and players and ask them questions.

Also available Feb. 12 at the Stadium will be special Little Swinger booths where youngsters may join the popular Padres program that offers tickets to six games and either a Padre cap or T-shirt for only \$2.

Everybody is welcome to this spring training dress rehearsal, the only one before the team reports to Yuma, Arizona. Entrance to the Stadium will be through Gates E and F.

Tryout times for the Feb. 6 and 13 sessions are 9-10:30 a.m. for 10 year olds, 10:30 a.m.-noon for 11 year olds and noon to 1 p.m. for 12 year olds on the Major field.

The Minor field will be the site for 8 year olds from 9-11 a.m. and 9 year olds from 11 a.m.-1 p.m.

The Feb. 20 tryouts are to take place on the Major field for any boys who were not able to take part in either of the first two sessions. The latter tryouts will run from 9-11 a.m.

Matadors Win Over Vaqueros

By Walt Ekard

The Mount Miguel matmen took an early lead and swept to their fourth straight Grossmont League victory 30-19 over the El Capitan Vaqueros in the winners gym, Friday night.

The Matadors jumped out to a 17-0 lead with Jim Minor, Miquel's 98 lb. grappler, pinning his opponent to open the match. Minor, one of the team's top wrestlers, gave Miquel a 5-0 lead, which was followed by four straight decisions by Dale Sison, Gino and Miquel Cesena, and Mike Rhoades.

With the score 17-0 however, El Cap came back by winning the next four matches, two by pin and trailed by only one point, 17-16.

Greg Robinson of Miguel then pinned his man and Lee Stewart won by forfeit to put the Matadors ahead 27-16. The final two matches were relatively unimportant as Mike Trebbian was beaten and Steve Schroeder was victorious for Miguel.

The win was the fourth in a row for the Matadors, who were beaten only by Monte Vista to open the season. Monte Vista, tied Friday, is now just one half game ahead of Miguel with Helix third. The Matadors however, have an excellent C.I.F. chance if their light weights are true to form and their heavyweights pull off some upsets.

Gulls Get Earl Heiskala; Try To Regain Second

The San Diego Gulls take on the Salt Lake Golden Eagles tonight at the Sports Arena at 8 p.m., and the Gulls will be trying to regain second place in the Western Hockey League.

A victory tonight would break a two-game Gull losing streak and vault San Diego over Phoenix into second place in the WHL. Phoenix plays only once this week, hosting Salt Lake tomorrow night.

Following tonight's game, the Gulls go on the road. They play at Denver tomorrow night against the red-hot Denver Spurs and then play a return match against the Golden Eagles in Salt Lake City on Saturday night.

The Gulls hope to have a new face in the lineup for all three games. Earl Heiskala, a tough left winger, has been assigned to San Diego by the Philadelphia Flyers, and is expected to make his debut sometime this weekend and hopefully tonight.

Heiskala is a 6-0, 109-pound-

er. He played previously in the Western League with the Seattle Totems. This season with Philadelphia, he played 41 games, scoring two goals and one assist and spending 72 minutes in the penalty box.

WINNERS — Two local stores of the McMahan Furniture group won three-foot tall trophies for "Merchandising Excellence." In the upper photo is Leon Bolton, right, manager of McMahan's College Grove store accepting the trophy from Ray Fordier, supervisor, San Diego County for McMahan's. The same day, Fortier presented a similar trophy to Jim Wilson, right, manager of McMahan's Lemon Grove store. Only four such trophies were awarded. In that there are 50 furniture stores in California in the McMahan group, it was unusual that two of the winners are in the Lemon Grove area.

The group, originally from Canada, consists of Randy Bachman, lead guitar and writer of most of the material for Guess Who; Burton Cummings, lead vocals, piano, organ and rhythm guitar; Garth Peterson, drums; and Jim Kale, bass. Some of the well known hits that will be heard from Guess Who will be "Shakin' All Over," "American Woman," "No Time," and "Hand Me Down World." Two Films Planned Tonight At College

Two inspiring stories of young women will be presented as a double feature when "The Diary of Anne Frank" and "The Nun's Story" are screened at 7:30 p.m., tonight in the Fine Arts Lecture Hall.

"The Diary of Anne Frank" with Millie Perkins, Joseph Schildkraut, Shelley Winters and Ed Wynn in starring roles, is one of the most affecting human documents of our time. Based on the diary of a young Jewish girl before she was killed in a Nazi concentration camp, it faithfully records the daily routine, alarms, quarrels, reconciliations and mutual comfort of eight frightened people.

The film depicts the dismal conditions during the two years of hiding in an Amsterdam attic before her execution. "The Diary of Anne Frank" was selected by the National Board of Review as one of the Ten Best Pictures of the Year, and received a Special Merit Award from Parents' Magazine.

"The Nun's Story" starring Audrey Hepburn, Peter Finch, Dame Edith Evans, Dame Peggy Ashcroft and Dean Jagger, is Fred Zinnemann's adaptation of Katherine C. Hulme's novel about the life of a young Belgian girl from her early convent days through her work as a nurse in the Belgian Congo and her ultimate painful decision to leave the order.

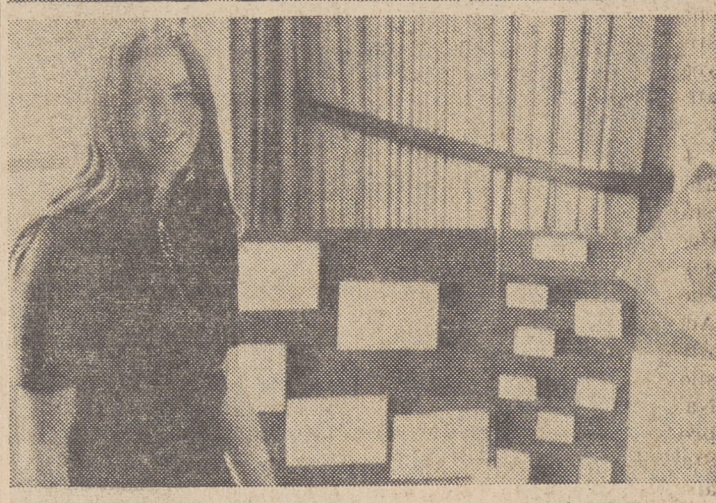

Contracting tuberculosis as a result of her intense devotion to her work as a nursing nun, she is finally cured and sent back to Belgium just as World War II breaks out. On hearing that her doctor father has been killed, she disobeys her superior's warning not to take sides and becomes involved in an underground resistance to the Nazis. As a result of her hatred for the enemy, she requests and is released from her vows.

The public is invited to see two of the most inspirational dramas produced in the last fifteen years. The price of admission is 50 cents with tickets available at the door.

ASSESSOR'S BUSY PHONE — Assessment activity draws intense public interest, according to Phil Minnix, one of the two appraiser supervisors in charge of the San Diego County Assessor's El Cajon branch office at 480 N. Magnolia. Even though the County has one of the lowest assessed valuations in the State, and the property tax per person is below the State average, as many as 10,500 taxpayers a month visit or call the Assessor.

International Record Set By Local Kiwanis Visitors

An international service club record was believed set in Lemon Grove in January, it was announced today by Noel Hanson, the club's Interclub Chairman.

He said that the Lemon Grove club had recorded an interclub meeting a day for 31 days in January.

An interclub meeting is a "bridge of understanding" between clubs in which members of one club visits another, thereby establishing acquaintanceships which are long lasting, Hanson said.

In achieving the record, members of the Lemon Grove club attended 31 meetings other than their own which are held weekly on Wednesdays at the L.G. Bowlero. Three of the meetings were with Tijuana Kiwanis clubs.

During the month members logged 4,568 miles of travel to and from other clubs which is also believed to be a local record, Hanson said.

Tryouts Saturday

Sky Grove Pony League will hold tryouts Saturday at 9 a.m. at Knapp Field behind the elementary school on San Miguel ave.

Both 13 and 14 year olds must try out, whether or not they played in the league last year.

Williams Says There's No Apathy At His Office

Apathy about County government?

Not according to San Diego County Assessor Eldon C. Williams whose office logs as many as 10,500 calls and visits a month from taxpayers.

"Unfortunately, many of them are citizens who want to discuss property taxes, and property taxes are not a part of the Assessor's responsibilities," says Williams. "The Assessor doesn't set the tax rate or schedule the amount of taxes to be levied."

In fact, Williams notes, County government is only one of some 300 local government taxing agencies — cities, school districts, special districts such as water, sewer, lighting, and road improvement — which determine property tax in San Diego County.

The Assessor, by State law, must locate, identify, and appraise property — real and personal — subject to assessment for taxes. He is required to appraise at current market value.

Certified appraisers make careful studies of each property, analyzing building permits, sales of comparable properties, economic factors, and estimates of replacement costs. The Assessor's job is annually completed when all property in the County has been appraised and then assessed at the same legal rate of 25% of market value.

"That 25% assessment ratio wasn't just picked out of the air," Williams explains. "It was originally chosen because it worked, it was simple, and it was commonly used. Now

State legislation has decreed that all announced assessment ratios in the State must be set uniformly at 25% by March 1, 1971."

Property appraisals are constantly being updated. Copies of all transfer documents go to the Assessor's office. Continuous economic studies are in progress, identifying movements in the market, up or down, pinpointing specific neighborhoods which need reappraisal.

A "cyclical method" of routine reappraisal every four or five years was formerly used; now assessed valuations are changed whenever there is a measurable change in the market value — "a much more efficient and equitable system," Williams says.

Sing-Along Set Here

A double encore of the old-fashioned following-the-bouncing-ball sing-along will be given on the stage of Southland Music Center, 3459 Imperial ave., Lemon Grove.

This month's program will be on Saturday, February 13 at 8 p.m. and again on Sunday at 2:30 p.m., according to Jim Hansen, one of the owners of the music center.

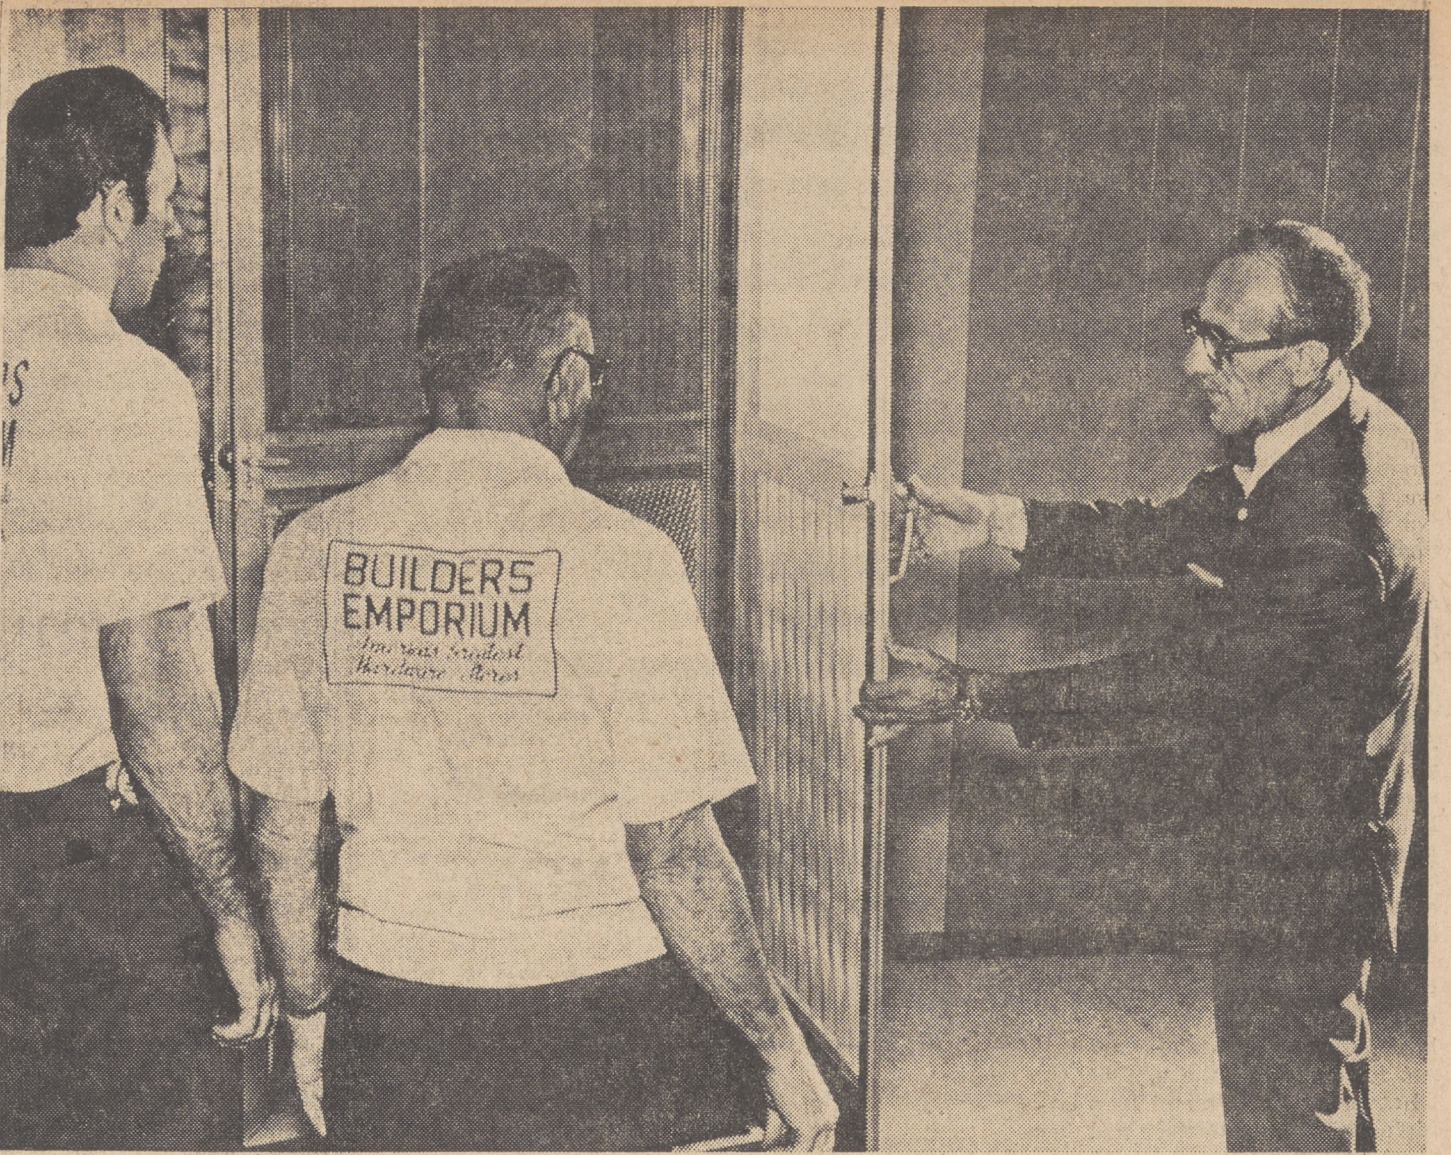

The program will feature familiar classical organ music, old fashioned theatre organ music and the sing-along. Hansen will be featured at the theater's console. Additionally, a vaudeville sketch and a silent movie classic will be presented. The two-day presentation is being made to accommodate many organ fans who were not able to obtain tickets to the previous shows.

Trina Greig and her Gulbransen Gaiety Girls will again be featured. The sing-along will offer such old favorites as "I Wonder Who's Kissing Her Now".

The program featuring Hansen will include Vivaldi's Concert in A Minor; a short Bach fugue, and other classics. The popular part of the program will include Brazil; "Can't Take My Eye Off of You", "The Impossible Dream", "Go in' Out of My Head" and others.

Hansen is a noted national concert organist. His associate, Tom Stark, also a professional organist, is president of the S.D. Professional Organists' Club. He performs frequently at Las Vegas clubs.

Tickets may be obtained at the Center.

Local Found In Closet, Arrested

Elzy Cantwell, 18, of 814 Sacramento st., Spring Valley, arrested last week on charges of burglary and conspiracy along with a 15-year-old accomplice after he was found hiding in a closet in the house he allegedly broke into.

Responding to calls from neighbors of Anthony DiMaggio, of 1930 El Prado, Lemon Grove, who was visiting relatives at the time, Sheriff's Deputies approached the house shortly after the alleged burglary started.

Calls from the neighbors noted that the two suspects were loitering on the porch of the residence, but deputies heard sounds from the inside of the house when they approached the residence.

As deputies closed in on the scene of the crime, one youngster ran out of the house, eluding deputies after a lengthy chase on foot. Cantwell, however, was found in a bedroom closet, and was arrested.

Cantwell later identified his accomplice, also of Spring Valley.

Dribble and Shoot Contest 19 Expelled Set By Recreation Dept.

The 1971 dribble and shoot contest, sponsored by the La Mesa Recreation Department, will be held February 13 at 3 p.m. in the Helix High School gymnasium, 7323 University ave., La Mesa, it was announced.

The contest, for boys ages 9 through 18, will include five classifications according to age.

To protect their eligibility, high school youngsters currently playing on their school's team will not be allowed to compete, as it constitutes a violation of CIF regulations.

Medals will be awarded the top two finishers in each class, and they will advance

to the county-wide semi-finals, to be held February 20 at Municipal gym.

Top finishers at the semi-finals will advance to the finals to be held March 7 at the San Diego Sports Arena.

The competition consists of shooting, where the participant shoots from the free throw line, then retrieves the ball and shoots from outside the key as many times as he can in 30 seconds.

In the dribble competition, youngsters must dribble around a set course, 50 feet in length, with a graduated point scale based on speed. As in the shooting competition, youngsters will be penalized for infractions.

Smith Honored

ed the appointment to the post.

While in Lemon Grove, his son Bob became a pole vaulter and won the N.C.A.A. championship two years in a row while at State college.

Les Land, general manager of the S.D. International Sports Arena, who is active in putting on the retirement party summed it up as well as it should be when he said:

"For a quarter of a century Ralph Smith has dedicated himself to working with the youth of the community. Those of you who have encountered him along the way have benefitted from this association and know of his labors. My own relationship with him has extended over the past decade, and it has been a rich and rewarding experience."

Callmen Raise

pose was used.

The increase, the men said, would create more active participation at drills and would aid retention of better qualified callmen.

The board voted unanimously to pay the increased hourly rate for the balance of the fiscal year.

The board also instructed the department to send back to the factory for repair and modification the boom on the newly purchased Crown Fire Coach.

Dixon reported that a defect had developed in the boom of the \$60,000 vehicle. \$10,000 of the next payment will be withheld until the problem is corrected, the directors decided.

Mrs. George Wilcox attended one of the sessions, which was attended by 61 teens who were required to have parental permission to attend the program.

Physical Side
The program is offered during an activity period at the school, and not during regular class hours. The two concerned parents said that the program teaches only the physical side, and not the moral aspects of sex.

Mrs. Wilcox said the program is "grossly inadequate and should not be allowed."

Mrs. Dolores Reyburn, a registered nurse, defended the program, citing statistics which she said supported the need for sex education in the schools.

Cases Increasing
She said that reported cases of syphilis has increased 200% among the 12-19 age group, and that 26% of reported cases of gonorrhea in 1969 occurred in teenagers.

Both Mrs. Wilcox and Mrs. Mahaffey noted later that Mrs. Reyburn's statistics were factual but that they should be included in the planned parenthood program. They said that the program only taught how to prevent pregnancy.

Van's Anti-Smut Law Now In Effect

WASHINGTON — A new postal obscenity control law, which took effect this week, is described by Rep. Lionel Van Deerlin, D-San Diego, as "potentially the most effective means ever offered postal patrons for keeping salacious mail out of their homes."

The new controls, authorized by last year's postal reform act, give anyone the opportunity to ensure that he or his minor children do not receive sexually oriented advertising through the mails.

"Our earlier laws permitted citizens to shut off mailings only from specific smut peddlers," Van Deerlin said. "This one offers blanket controls."

Van Deerlin warned, however, that the new law will work only "if people make it work."

"Postal patrons must take the initiative, by filing with the Postal Service statements that they don't want smut mail," he said. "If a smut peddler persists in sending sex ads to any individual who has thus indicated his distaste for them, the mailer will be subject to first civil and then criminal penalties."
